

Intercepted transmission...

CRACK THE CODE

One of Nash's goons sent a coded message and Trae just intercepted it. **Crack the cryptogram** to find out what this tough guy *really* said! Every letter has been swapped for a *different* letter, and the same swap is used the whole way through. Use the starter clue to begin, then write each letter under the code as you figure it out.

STARTER CLUES Z = A J = R

HINT *Better leave a nightlight on.*

TIP: a single letter by itself is almost always I or A, and the most common three-letter word is THE.
